Letter of recommendation

Hereby, AIG Europe Limited London Branch of Bucharest recommends SC FAST PARKING SRL, whose services we used in the period July 2011 - January 2014, for the professionalism and efficiency they showed in providing parking services.

Considering that SC FAST PARKING SRL has a private parking in Buzesti street, we used the services of this company and we were entirely satisfied.

FAST PARKING offered us the best solution for parking subscriptions in the area of offices in Victory Square, based on a specific request, adapted to our needs in this field.

Following this successful collaboration, we are convinced anyone that will need parking in any parking lot managed by FAST PARKING will have a reliable partner.

Sincerely yours,
CFO
