Letter of Recommendation

We hereby strongly recommend **SC FAST PARKING SRL**, with which we collaborated for a short period, during the first quarter of 2015, for professional competence, reliability, efficiency, commitment and flexibility they showed in providing the parking services.

Knowing that owns several private parking lots near the headquarters BRD, we used the services of this company and I was fully satisfied.

FAST PARKING gives us the best solution for parking in the area of Victory Square office, based on a specific request, which involved a rapid adaptation to the needs of our bank.

Following this experience, we are sure that any company that will work with FAST PARKING will not be disappointed. In the future, we will not hesitate to require the parking services of this company.
