### **Letter of Recommendation**

HBO Romania recommends SC Fast Parking SRL for the professionalism demonstrated in providing parking services.

We chose their services because Fast Parking has a private parking lot in Buzesti Street, opposite the headquarters of our company. The collaboration began in August 2009 and is still in course.

Fast Parking gives us the best solution for parking subscriptions in the offices area of Victory Square, based on a request specific and adapted to our needs in this field.

After five years of uninterrupted partnership we are convinced anyone that needs parking lots in any location administered by Fast Parking will benefit from the same professional services.
