

## Letter of Recommendation

We hereby strongly recommend SC FAST PARKING SRL we have collaborated with since February of 2014, for their reliability, efficiency and flexibility demonstrated in providing parking services.

Knowing that they hold a private parking opposite the headquarters of ProCredit in Buzesti Street, we used the services of this company and we were fully content.

FAST PARKING gives us the best professional solution for parking in the office area of Victorei Square.

Following this successful experience we are sure any company working with FAST PARKING will not be disappointed.

In conclusion, we recommend FAST PARKING as a serious and reliable partner in providing parking services.
