Letter of Recommendation

We hereby recommend the company, SC FAST PARKING SRL, we worked with during the period January 2009 - February 2010, for the seriousness and efficiency they showed in providing parking services.

FAST PARKING offered us the most effective parking solution in Victory Square area. The services offered to us the comfort we needed in a very crowded office area where SANADOR Clinic carries out the activity.

We believe that every client of this company will receive the same professional service that we also received.
